

Welcome to Freshman English!

I am excited to welcome you as an incoming freshman to Ascension Academy. Below you will find information on our Google Classroom and instructions on how to proceed in adding yourself.

Your summer reading will be a little bit different than it was in middle school. Please take a moment to add yourself to our summer Google Classroom. This is where you will find your study guide, summer reading instructions, and other important information.

Google Classroom Code: [4vzxf6m](#)

If you already have a school email address, please make sure that you use your school email address to sign up for our Google Classroom. If you have not received yours yet, please contact Mr. Bullard at bbullard@ascensionacademy.org, and he can get you set up.

Study Guide:

Your study guide is a PDF document located on our Google Classroom that will need to be converted to a Google doc in order to be filled in. Most of our assignments this year will be done in this manner and turned in via Google Classroom, so please make sure that you are familiar with converting PDFs into Google docs.

Instructions for the study guide:

1. Either create a Google doc to answer your study guide questions or convert the PDF into a separate Google doc.
2. Answer each question in complete sentences.
3. The page citation where you found your answer is not required but is recommended.

The study guide will be due the first day of class. At that point, we will walk through how to attach and submit an assignment on Google Classroom.

Scrapbook page:

Compile memorabilia (images) that Scout might have collected or come across during the novel and create a scrapbook page depicting important memories from the novel. All artifacts must include a caption of where she got it and its significance to her as well as textual evidence from the novel. See the post on Classroom for more information.

Happy reading!

Mrs. Cowen
